This is a picture book with an accompanying CD that you have to print the pdf file to get the block pattern, and according to the book, each block is a separate pdf. I didn't open the CD as I am returning this book. I don't want to have to print my instructions. I'd like them to be in the book next to the photo of the block. Also, in looking at the photos of the blocks, some of them are pretty obviously messy, as in the pieces don't line up in the block. If you're going to print a picture book at least the blocks should be nicely pieced. I realize we all have issues lining up pieces, but in a published picture book you want people to pay for? Really?2 of 2 people found the following review helpful. Five StarsBy CJgreat enlarged / close up views of a number of quilt blocks...a great referene0 of 0 people found the following review helpful.
