Very Helpful manual By pixieI consider this book a good addition to my collection, The layout has lots of bullets, short paragraphs that are succinct, good diagrams, colorful pictograms, and covers quilting techniques as expected. Good learning tool. 0 of 0 people found the following review helpful. Five Stars By CustomerGreat book. Especially for someone who is revisiting quilting. 3 of 3 people found the following review helpful. I love this book! By DoodleBugI'm new to quilting and this book is great guide to getting started. Since I've only had one quilting class, this book helped me in understanding some basic quilting lingo and explaining all the tools of the trade. It has a small section on color combinations which is very useful. Overall a great book and a great

tool to have if you're starting out.
