By Maryanne Melchiorre I forgot about downloading this book on kindle so when I saw it I opened it and couldn't stop reading for hours, lots of good tips and tricks, lots of how to's, especially prairie points, she makes it seem like child play! Good for beginners, intermediate, and experienced Quilters, gets right to the point, easy to understand, tells you how to fix a problem without taking the whole quilt apart. I'm very impressed! buying one for my sister who is just a newbie to quilting!
