**Geoffrey Budworth : The Really Useful Knot Book (Really Useful Handbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Really Useful Knot Book (Really Useful Handbooks):

A great companion for householders and outdoor sports enthusiasts, this book features clear step-by-step instructions for the world's most useful and popular knots. A useful manual for beginners and a quick refernce for more experienced tyers, it includes expert advice on choosing materials and the correct rope or twine for the job. An easy

key system identifies knots of importance for climbing, sailing, fishing and general household use.
