With nearly 42,000 chapters that's more than a million women the Red Hat phenomenon is unstoppable! And this bold, bright, over-the-top sequel to Designer Scrapbooks the Red Hat Society Way is made to order for the red-hatted gals sense of fun. Features an introduction by Exalted Queen Mother Sue Ellen Cooper author of two New York Times bestsellers. Every day, more and more women are joining in and proudly donning their red hats and this zany, energetic collection gives the ladies what they like: out-of-the-hatbox ideas for creating cards and tags in the RHS's brilliant red and purple scheme. Not only will the projects satisfy the hatters' boundless creative urges, but they'll provide yet one more joyful excuse to come together, craft, and celebrate the landmarks in their lives. Each punningly titled chapter including We Have Merry Mirthdays and Red Hatters Have Such Happy Hattitude introduces a special theme, from tea party paraphernalia to sequined items that glitter and shine. There are invitations and menus, event

announcements and business cards, bookmarks and hat bands, all with patterns to copy and sassy commentary from the irrepressible Ruby Red Hat.
