From University Press of Mississippi : The Rise of the American Comics Artist: Creators and Contexts before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Rise of the American Comics Artist: Creators and Contexts:

Starting in the mid-1980s, a talented set of comics artists changed the American comic-book industry forever by introducing adult sensibilities and aesthetic considerations into popular genres such as superhero comics and the

newspaper strip. Frank Miller's *Batman: The Dark Knight Returns* (1986) and Alan Moore and Dave Gibbons' *Watchmen* (1987) revolutionized the former genre in particular. During this same period, underground and alternative genres began to garner critical acclaim and media attention beyond comics-specific outlets, as best represented by Art Spiegelman's *Maus*. Publishers began to collect, bind, and market comics as graphic novels, and these appeared in mainstream bookstores and in magazine reviews. *The Rise of the American Comics Artist: Creators and Contexts* brings together new scholarship surveying the production, distribution and reception of American comics from this pivotal decade to the present. The collection specifically explores the figure of the comics creator—either as writer, as artist, or as writer and artist—in contemporary U.S. comics, using creators as focal points to evaluate changes to the industry, its aesthetics, and its critical reception. The book also includes essays on landmark creators such as Joe Sacco, Art Spiegelman, and Chris Ware, as well as insightful interviews with Jeff Smith (*Bone*), Jim Woodring (*Frank*) and Scott McCloud (*Understanding Comics*). As comics have reached new audiences, through different material and electronic forms, the public's broad perception of what comics are has changed. *The Rise of the American Comics Artist* surveys the ways in which the figure of the creator has been at the heart of these evolutions.

From the Inside Flap—An exploration of an art form's transformation from adolescent charms to adult aesthetics
About the Author—Paul Williams, Exeter, United Kingdom, is teaching fellow in English at the University of Exeter. His work has been published in *European Journal of American Culture*, *Science Fiction Studies*, *Journal of Transatlantic Studies*, *European Journal of American Studies*, and *Science Fiction Film and Television*. James Lyons, Exeter, United Kingdom, is senior lecturer in film at the University of Exeter. He is the author of *Selling Seattle: Representing Contemporary Urban America* and co-editor of *Multimedia Histories: From the Magic Lantern to the Internet* (with John Plunkett) and *Quality Popular Television* (with Marc Jancovich).
