Elizabeth Evans, Liz Evans : The Simple Simon Guide To Patchwork Quilting: Two Girls, Seven Blocks, 21 Blissful Patchwork Projects before purchasing it in order to gage whether or not it would be worth my time, and all praised The Simple Simon Guide To Patchwork Quilting: Two Girls, Seven Blocks, 21 Blissful Patchwork Projects:

0 of 0 people found the following review helpful. Not great!By KATHY NEISWINGERBit simple!12 of 12 people found the following review helpful. Innovative content perfect for the first time quilter and sewistBy Stefanie G.This book's content is really innovative and perfect for the first time quilter and sewist. The book contains the most basic

quilt block like the 9 patch and uses it in probably the most beginner sewing project a standard pillow. Then it builds on the basics with more than one block and more complicated blocks the further into the book you work. What is also darling about this book is that once you understand the piecing, the projects use the same block in a variety of sizes from tiny versions of a log cabin on a bib to a giant scale one used on a quilt. The fabrics and styling are beautiful!9 of 9 people found the following review helpful. Lovely book! Beautiful, well sewn projects. Highly recommend.By a sewing ladyGorgeous beginner quilting book! I've been sewing for years and have only made one quilt so I thought this book would be a great one for me. I was right. The photos are stunning and the instructions and diagrams are very easy to follow. There are great instructions for all the "basics" of quilting like piecing, binding, cutting, pressing, nesting seams, squaring up a block, basting the quilt, quilting, etc.What I love most about this book is that there are 7 lovely blocks but each of those blocks can be used in 3 different projects. So if you don't want to make a whole quilt with a block you like you can follow the instructions for a pillow, bag, bib, skirt, etc. There are 21 projects in the book in total and I can say they all looked like something I'd want to make. Well sewn (great eye for detail!) and very simple, yet lovely.Who this book IS for:Someone newish to sewing looking to learn how to quilt.SSomeone who has been garment sewing for years but wants to try quilting.SSomeone who has made one or two quilts and would like more ideas and to learn proper techniques.SSomeone who just loves looking at beautiful quilt books.Sewing teachers, libraries and sewing shops.Who this book IS NOT for:Someone who has been quilting for many yearsSomeone who is looking for applique quiltsGrumpy people. This book is full of light and cheerful quilt projects.All in all, I'm very happy with this purchase. It arrived promptly and in excellent condition and the book is a stunner. Highly recommend.

7 simply gorgeous quilts to complement any room! Classic patchwork gets a modern makeover! In this sophisticated guide to quilting and sewing, popular Simple Simon and Company bloggers--and sisters-in-law--Liz Evans and Elizabeth Evans show you how to create traditional quilt blocks with a contemporary feel. Written with beginners in mind, The Simple Simon Guide to Patchwork Quilting invites you to get creative with step-by-step directions for making:

"Novice quilters seeking easy but modern projects will appreciate this cheery guide to quilting basics." --Library Journal
