Melissa M Hall : The Soy Candle Making Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Soy Candle Making Book:

1 of 1 people found the following review helpful. very good indeed. maybe there should have been a bit ...By Vidar Brastadvery good indeed.maybe there should have been a bit more pictures/illustrations there ..1 of 1 people found the following review helpful. Five StarsBy CustomerAwesome book!3 of 5 people found the following review helpful. Other Reviewers...really???By Sumi CaseyThis is a very low budget book. Most, if not all, the information can be found online and that is my biggest issue. I like books, that is why I buy them. Most of this was just either telling me what the author found online or rattling off websites.I am keeping it, however. Just in case. So, for that, I am giving this two stars.

Over 1000 copies sold in e-Book format and now it is finally available in print! The Soy Candle Making Book will

save you an incredible amount of time! Everything you need to make beautiful soy candles is right in this book. (except the supplies, of course) Most people spend hours searching the internet for soy candle recipes, troubleshooting, how to find the right wick, the best places to buy supplies and on and on. I KNOW because I've been there! YOU don't have to be one of those people! I want you to be able to find everything you need right HERE so you don't have to waste all that precious time when you could be getting right down to making your candles, whether you are starting a business, have a business already, or just wanting to start a hobby. In this Book You'll Find: An extensive section on finding the right wick including a list of all the different types of wicks for soy wax and an explanation of each, with sizing recommendations. Learn about soy wax pros and cons as well as a list of ALL the different types of soy wax and my thoughts about some of the kinds I've tested and which are my favorites! An explanation of each tool and ingredient that is used in making soy candles as well as a list of fragrance oils I have personally found to have a great scent throw. A COMPLETE list of US soy candle making suppliers by state, as well as some suppliers in Australia, Canada and the UK!

About the Author My name is Melissa Hall and I have been making soy candles for over 8 years. I started a soy candle business in 2008 and made and sold soy candles for a few years. My candles sold successfully with many happy customers, but with 3 kids and being a stay at home mom and wife, I decided I just didn't have the time or energy for that type of business. I still LOVE soy candles though, and I love helping people, so I thought it would be great to create a book that really goes in depth, but makes it easier for anyone to create beautiful, natural soy wax candles. I am POSITIVE you will love "The Soy Candle Making Book" and find it incredibly helpful and a MUST HAVE in your candle making toolbox, as so many others have!
